**Supplement to the reply to the Office Action Summary on February 16,**  
**2006**

Dear Sir,

A -The New Sheet 1/2 sent in my reply was not clean.

I think this new is right.

B - The straight conductors supplying coils 5 and 6 on the figure 2 have not reference nor antecedent in substitute specification.

They can be considered as parasitic lines in view of said substitute specification.

I have deleted them.

Respectfully Yours
